CORPORATE OVERVIEW

Cover6 Solutions, LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) providing senior-level cybersecurity program leadership to federal civilian and defense agencies. Founded in 2013 by a career Army cyber professional with 30+ years of experience across USCYBERCOM, JTF-GNO, DOE, and RCERT-SWA, Cover6 integrates RMF oversight, risk governance, and executive advisory to strengthen mission resilience — helping agency leadership make confident, informed security decisions. Carnegie Mellon CISO Executive Certificate.

CORE COMPETENCIES

Virtual CISO (vCISO)

- Executive security leadership on demand
- Security program development & governance
- Risk management & board-level reporting

Compliance & Advisory

- CMMC Level 2 assessment readiness
- NIST 800-171 / NIST CSF alignment
- Policy development & evidence packaging

Penetration Testing

- External & internal network pen testing
- Web application security testing (OWASP)
